Getting Set Up in Your Class

1. Log in and go to “Coaches”

2. Type in the code for your Block and click “Join the class”
Getting Started on the Mission
First Day in Khan Academy

1. Click “Subject” in top left corner of home screen

2. Click on the correct grade

3. Click on “Mission” in center of screen

4. A mission warm-up is required before you can do individual topics in the grade level. If you don’t know how to solve the problem you can hit the button that states “I haven’t learned this yet”.

Mission warm-up
Khan Academy wants to help you learn at your level. Doing a few math problems helps us know where we can help. Give it a try!

After the First Day

After you take the “Mission Warm-Up”, the topics/skills can be accessed through your home screen by clicking on the correct grade level under “Recent missions”.

You can do Mastery Challenges (appear at top of the list if any are available) to improve skill levels which raises your grade.

Assigned skills can be viewed in the list and will disappear once it is completed.

Finding Your Skill Levels to Track Scores

1. Go to the correct grade level mission from the home screen.

2. On the left side of screen, you can see how many skills you have completed. If you click “show all skills”, you can see the level for each topic in the mission.

3. Each square represents a topic. When you click on a square, the skill and level are shown. You can use this to keep track of your own progress on the checklist and even work ahead.
